EDA Report

Transaction rows analyzed: 13,426.
Unique users: 50.
Average amount: 12,959.26 XAF.
Median amount: 1,000.00 XAF.
Amount skewness: 14.10.
The refreshed five-cohort dataset supports all 8 required visualizations and produces balanced low/medium/high activity classes at the user level.
Caution: demographic-based interpretations must disclose that 30 user profiles are generated rather than collected from real questionnaire forms.
